

# Reading is Oh So Sweet!

One of the most important components of our Kindergarten reading program is YOU! Reading to your child long after they become an independent reader themselves is beneficial and should continue throughout elementary school. We ask that you spend 15-20 minutes every evening reading with your child.

These nightly sessions are a great time to connect with your child, enjoy some snuggles and watch your child develop into a reader!

## Here's how you do it:

1. Create reading rituals, and read together every day!
2. Snuggle up close with a book.
3. Talk about the pictures, make predictions and ask questions.
4. Read many different kinds of books.
5. Read with expression and enthusiasm!
6. Read favorite books again and again.

Children are made  
readers on the laps  
of their parents.
